

Cibes A4000

A platform lift which improves your home & makes everyday life easier!

- Especially designed for private homes & small spaces
- A wide range of accessories & options
- Safe & easy usage
- Easy installation & maintenance
- Certified quality product

Our new mini-sized platform lift: Cibes A4000 is based on our premium product Cibes A5000 and especially designed for private homes and department buildings. With a wide range of options and accessories the lift will not only blend into your home, it will complement it!

For almost any living space where you need freedom and increased accessibility, Cibes A4000 is a great solution. Choose Cibes A4000 to improve your life quality and increase value of your home.

- A variety of colours, accessories and options
- Steel shaft in white RAL 9016 or glazed shaft
- Steel doors in white RAL 9016 with panoramic window as standard
- Exclusive aluminium doors as option
- Outdoor options are available for external installations

Comfortable & easy to use

Simply press the hold-to-run button and the lift will take you to another level. Silent, easy to use and well integrated. You will be happy with your choice of Cibes A4000 in your home.

High quality & safety

Safety edges, emergency lighting and an alarm button guarantees that you feel completely safe.

Easy installation

Installation is done by our installers within a few days thanks to the pre-prepared construction kit. No pit is necessary and the lift can be floor mounted without causing any damage to your home.
